The style is an innovative, modern twist on traditional Andalusian design. Large picture windows offering stunning views, round skylights which let in shafts of sunshine, split-level living rooms, state-of-the-art kitchens and bathrooms complete with hydro-massage bathtubs, spacious built-in wardrobes and under-floor heating in the master bathroom are just a selection of the outstanding features completing each home. Furthermore, the houses are equipped with intelligent-home technology, allowing you to control the air-conditioning, burglar alarm and myriad other practicalities at the touch of a button. The stunning contemporary design style is complemented with exceptional materials such as antique marble, terracotta and hand-made ceramic tiles. An attractive cluster of villages built around a leisure concept, with extensive gardens, swimming pools, and its own clubhouse with a library, a gymnasium, and a covered pool. Completed in 2006. First occupancy license in 2006.

Two different ways of enjoying the property: Purchase of a unit, with discounts ranging up to 25% of the Bank valuation or Lease with Purchase option: 100% of rental fees considered as payment for the unit, in case the client decides to buy and 11 month contract.
