Property:

Dating back 800 years, this fully renovated traditional stone property is the perfect blend of Andalucian and Moorish architecture. Situated in the beautiful countryside close to the Andalucian village of Gaucin, enjoying breathtaking views of the Sierras of Navada, Grazalema and the cascading countryside, yet just 25 minutes from the Estepona motorway. Set in extensive grounds, currently used for grazing horses, privacy and tranquillity are guaranteed.

The interior of the house is a true revelation. The dramatic proportions of the main living room and dining area featuring magnificent high ceilings, windows and an enormous fireplace transport us back to another age, yet it is completely renovated and equipped with the luxury and comforts of today, including air-conditioning and central heating. The property was originally built on one level, with the five bedrooms and bathrooms situated off to the sides of the main living area, however, there has been two additional loft bedrooms added which can be reached by a retractable ladder, off either side of the main reception room.

There is a heated swimming pool with a retractable greenhouse-style roof to allow for indoor swimming in the winter. Water and electricity are from the mains system of Gaucin.
